GLUEDEVIL CORNICE ADHESIVE is a high strength pre-mixed acrylic paste adhesive. It is highly flexible and will not crack over time.

APPLICATIONS

GlueDevil CORNICE ADHESIVE can be used to bond polystyrene cornices - and other decorative products such as polystyrene ceiling tiles, roses and lightweight wall tiles - to most construction substrates such as cement, gypsum, plaster, polyurethane, polystyrene, painted surfaces and wood. It can also be used to fill in holes and gaps and any inconsistencies in the cornice, wall or ceiling. It has strong initial grab and can be painted over with any suitable paint.

PACK SIZE

- 9.46 fl. oz/280ml cartridge - 50-CORNICE2215
- 33.8 fl. oz/1kg bucket - 50-CORNICE6059
